

How to Track Civil Rights Complaints Made to the EPA

- The EPA maintains a docket tracking complaints under Title VI of the Civil Rights Act, which typically concerns environmental racism. It was last updated 3/24/2025.
- As the federal government moves to delete federal data, Sentient has created a copy of the EPA's docket of complaints under Title VI of the Civil Rights Act, spanning between 2010 and 2025, available as an editable zip file, or a viewable Google Sheet.
- Journalists, advocates and others interested in tracking civil rights can freely download our copy of the docket.
